Notes		Every team completed the course successfully - brilliant!						
		The teams are ordered by points, then the time taken to finish the course by the slowest team member.						
		Controls on the spine course were worth 100 points, non-spine controls 10 points						
		Team members all had to complete the Spine, then collect the 15 non spine controls						
		The Maximum team score, (8controls@100 +15controls@10) was 950
